PROFESSIONAL TRAINING

RESPOND: Mental Health Training Certified

University of Missouri, Counseling Center

This program provided training in partnering with campus professionals to offer effective support for students or colleagues experiencing mental illness. It addressed campus policies on FERPA as well as mental health resources and provided me with the confidence to work with students or colleagues in addressing issues that commonly increase levels of stress, depression, and other dangers to mental health and well-being.

Run, Hide, Fight: Active Shooter Training Certified

University of Missouri, Campus Police

This program provided training on the University of Missouri's response to a possible active shooter situation, the 'Run, Hide, Fight' protocol. Campus police provided information on how educators can act quickly to ensure that students, colleagues, and self are safe under such circumstances.
